PERMA Select

PermaSelect® Millwork The Green Solution for exterior millwork.

PermaSelect® Exterior Millwork products offer consumers the ultimate in protection for exterior millwork. Our millwork is made from pressure treated Wolmanized® L³ Outdoor® Wood, a material listed by the GreenSpec® Directory of environmentally preferable building products.

Pressure treating insures that our millwork is protected throughout the wood fiber, not just on the surface.

The Wolmanized® L³ wood treatment offers protection from rot, insect infestation, mold, mildew and moisture penetration. Part of the treatment is a water repellent, which increases dimensional stability. We top all of this with a unique high solids primer to ensure the best solution in the business for exterior applications.

For more information, visit our Web site at www.mjbwood.com/permaselect

PERMA

Select

PermaSelect® Millwork is made from real wood, not composites or plastic. Our wood comes from responsibly managed pine forests, not from old growth timber. Only real wood can provide the advantages and environmentally friendly features of a renewable resource. Our Wolmanized® L³ wood enables our exterior frames and mouldings to last for generations—here today, and *still* here tomorrow.

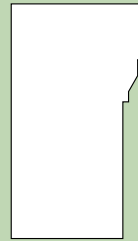

PermaSelect® Millwork:

- Is environmentally friendly
- Qualifies for the Window and Door Manufacturers Association's Hallmark Certification
- Is listed in the GreenSpec® Directory of environmentally preferable products
- Comes with a Limited Lifetime Warranty
- Resists rot, insect infestation, mold, mildew and moisture absorption
- Features a high solids primer with an added moldicide
- Is end sealed
- Machines easily with standard woodworking equipment and machinery
- Will not corrode metal fasteners
- Is available in special and custom profiles
- Is available as millwork-quality lumber in select grades and thicknesses

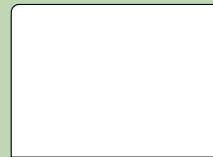

For exterior applications, PermaSelect® Millwork is the best environmentally friendly, protected, real wood solution available. Contact us for more information about PermaSelect® options and benefits.
